For the last few years we have allocated funds towards chargers to be available in the library. These will replenish the supply that has been worn down or provide new items as technology changes. We will also be buying a microwave to place in POD in the library.

If applicable, please list how and for what the funds will be used (you may attach a budget to this form):
There are four different chargers (with varied quantity) that we are allocating for. The subtotal is roughly 305$ and will probably cost under 335$ after tax and shipping.
